

The Alban Teaching School Hub

Working with you to provide all induction services and support for Early Career Teachers and Mentors

Since September 2021 all new Early Career Teachers, receive developmental support and training over 2 years, underpinned by the DfE's Early Career Framework reforms. The Early Career Framework covers training on behaviour management, pedagogy, curriculum, assessment and professional behaviours.

In addition to the ECF, all schools are required to register their ECTs with an Appropriate Body in order for statutory induction to be recognised with the Teaching Regulation Agency (TRA). From September 2023, Appropriate Body services will only be provided by Teaching School Hubs.

See overleaf for a guide to successful registration for your Early Career Teachers. For additional information please visit our Alban TSH website at: bit.ly/AlbanTSH-ECF

We look forward to working with you.

“ Having an AB link from the Alban TSH as our named personal contact has been extremely helpful. She has been on hand to answer any queries I have had as an Induction Tutor and has provided good advice and clarification when needed.

“ I have worked with Alban TSH for ECF and as an Appropriate Body for the last 2 years and shall continue to do so. I have found the Hub incredibly easy to approach, emails are responded to very promptly and there is always a person at the end of the phone to answer urgent queries. Specific statutory support has been provided with efficiency and clear processes for both the individual and the school.
