

**That feeling when you see a challenge turn into an achievement.**

# **NPQ for Leading Primary Maths (NPQLPM)**

**The NPQ for Leading Primary Maths is designed to help you build on the knowledge you already have as an experienced Maths teacher and will enable you to lead your colleagues to deliver this subject effectively in your primary school setting.**

You will enhance your knowledge of how to develop and embed a coherent Maths curriculum and get to grips with the nuts and bolts of what makes great teaching and leadership, using deliberate practice with peers as well as guidance from expert facilitators.

## You'll learn how to:

- ✔ Develop colleagues' Maths teaching and lesson design.
- ✔ Develop and implement a Maths curriculum that supports pupils' long-term learning.
- ✔ Develop a school culture where staff and pupils have a positive attitude to Maths.
- ✔ Lead a culture of professional learning and continuous improvement for colleagues.
- ✔ Support colleagues to adapt their teaching for different pupil needs.
- ✔ Create assessments and feedback systems that enable colleagues to know the steps to be successful in teaching Maths to their pupils.
- ✔ Plan and deliver changes and improvements across your setting in Maths teaching and learning.

## About us:

### The National Institute of Teaching is a teacher and leader training and development provider.

Founded by four of the country's most respected school trusts, we are run by schools, for schools. Our aim is to boost the quality of teacher and leader development by generating and interpreting research, applying the insights to the design and delivery of our programmes, and sharing this with the sector.

## How you'll learn:

Local seminars

Masterclasses

Virtual school visits

Practice clinics

Self study

## Our programmes are:

Designed with expertise from the frontline.

Structured to fit around teachers' busy schedules.

Powered by research; global experience applied to unique local contexts.

*Really informative from people who have walked the walk. I've now got some excellent ideas to try and use in my own practice.*
